Content

The ASP Instructor Certification program (AIC) is a hands-on seminar, which trains participants to instruct classes in the operational use of the ASP tactical baton and handcuffs. It provides efficient defensive impact weapon and restraint tactics for personnel that can be quickly learned, easily practiced, and readily maintained long after the program has been completed.

By the end of the seminar, all participants will be qualified and prepared to instruct other personnel in the operational use of the ASP baton and handcuffs. This is a physical course, which requires a certain level of fitness and flexibility. Participants are required to take part in scenarios.

Seminar Chair: Torben Steiner, ASP Instructor Trainer, Police Headquarters Dortmund

Fees: 399 € | IPA Members 299 € (incl. Lodging and board)

For further information regarding the seminar, and the terms and conditions, please visit our website: www.ibz-gimborn.de
